

THREE (NOT) OF A KIND

A solid stone bath such as the black granite 'Papillon' from Bathrooms International (below) is so heavy it has to stand in a ground-floor bathroom.

The 'Soff' bath by Marc Sadler for Ideal Standard (middle) is made from the same material as bicycle saddles, and keeps water warmer longer.

Laufen's 'Palomba' sink (top) showcases the way ceramics can be shaped any way you like.

Laufen, tel: 01386-422768; www.laufen.co.uk.
