3 Twyford Bathrooms is one the UK's most innovative developers of water saving sanitary ware. Their new standard size Celtic low volume steel bath has a capacity of just 140 litres to the overflow, 35% less water than the average UK bath. This is achieved through clever and comfortable internal shaping.

2 Bathrooms International has announced its exclusive new range, the Naos Collection. Combining sleek minimalism with a statement aesthetic, the Naos tap is an elegant focal point for the most contemporary of bathrooms. Defined by its long, slim spout and compact single lever mixer, this shape is utterly unique.
